FOREWORD

This yearbook, presented by the class of 1951, is a review of the events and memories associated with the Alma Mater we love. Our thoughts cling to the high school which has become a part of us. When school chums and dear friends have long departed, we shall all remember our school days, and what they did to make our lives more enjoyable and complete. Open this cover and you walk with us amid the memories of the past kept alive within the pages of THE FLASH.

DEDICATION

We, the Seniors of the Brentsville District High School, wish to express our gratitude to Miss Hattie Mae Partlow--one who has contributed her time, patience, and efforts toward the improvement of this class and the school. Memories of Miss Partlow's helpful guidance in many of our high school activities rank among those which will never be forgotten.

Mr. Daniel C. Link was a newcomer to the principalship of B. D. H. S. in the fall of 1950. His wide experience, administrative ability, and friendliness soon won for him a place in the school and community. He is a man of boundless energy and has secured for our school many advantages through his leadership and ceaseless efforts.

EDTORIAL

By Jewell Dickenson

We, the Staff of the "B. D. Buzzer," would like to express our appreciation to The Manassas Journal for agreeing to print our paper this year. It will be a great help to us.

Also we would like to thank the Commercial students for typing the stencils.

1. To the Journal for printing our paper.
2. To the Commercial students for typing the stencils.
3. To the Faculty for their cooperation.

Our first issue of the "Buzzer." is the most important issue ever published.

The success of the paper depends upon the students. We hope that you will support our paper faithfully and help us in every way possible to make it a success.

I would like to thank the faculty, our principal, and the students for their efforts in helping us get our publication arranged.

A good newspaper is a good school spirit as well as a good ball team and should be supported by all students.

To The Manassas Journal

One of the finest ways to show community spirit and cooperation between the schools of the county is exhibited this week by the Manassas "Journal," Increased circulation and added interest from the students of the Nokesville community will scarcely repay the Journal for the efforts in making it possible to put the "B. D. Buzzer" to appear as a part of this county paper. We hope that the "Journal" reader interest will become better informed about the Brentsville District High School and that a healthy school - community relationship may result. Members of the "Journal" Staff, we thank you.

There are now 429 students enrolled at the Brentsville District High School. This is less than the September enrollment for the past two years.

In the high school department there are 115 students. The eighth grade of 34 has the largest enrollment. Then comes the ninth and tenth grades with each having an enrollment of 31. There are 19 seniors.

Katie wants to welcome all the new teachers and students this year and will try to find some gossip about them.

What's the big secret Mr. DeBusk has to tell one of the Junior girls That's the $64 question.

If you see Frances Fitzgerald going around with big dreamy eyes, it's because her man is in Korea. Let's hope he gets back soon. She says since he is so far away, she'll take Lester because he's right here.

Who's the 6'2" guy Gladys is running around talking about? Bring him around and introduce him to me sometime, Gladys.

Elsie Smith really is going places this year. First she dated Wilbur Soper and now Paul Wood. She said he wasn't bashful as he looked!

The boys and girls were pleasantly surprised to find a new member in their group. Helga Schmitz-Mancy is a transfer from Temple High School, Temple, Texas. Prior to that time she studied in Germany and Switzerland.
